Dribbble Search (Fully matched search)

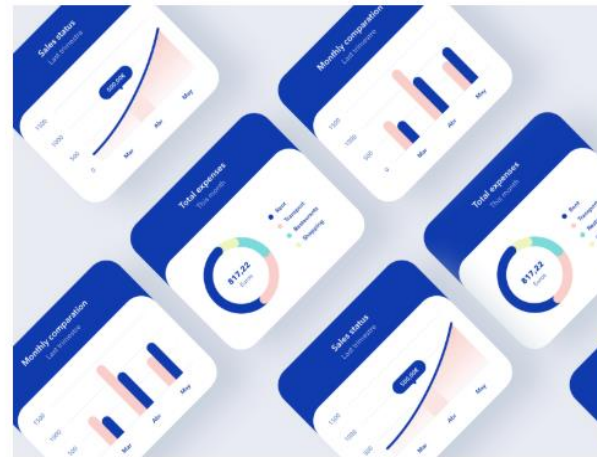

The screenshot shows a search interface with a pink header. Below the header is a dark grey bar with two tabs: 'Gallery' (with a leaf icon) and 'Dribbble' (with a globe icon). Below this is a white search area. A black arrow labeled 'Our Search' points to the 'Gallery' tab. Another black arrow labeled 'Dribbble Search (Fully matched search)' points to the 'Dribbble' tab. In the white search area, the text 'Gallery Search' is at the top. Below it is a search input field containing the text 'Iphone Ecommerce Checkout'. A black arrow labeled 'Query' points to this input field. To the right of the input field is a dark grey button with the text 'SEARCH'. Below the input field are five checkboxes: 'platform', 'color', 'app', 'screen_function', and 'screen_layout'. A black arrow labeled 'Result split in categories' points to the 'screen_layout' checkbox.

Split in category

Note

- We apply maximum 32 images for each category in splitting approach
- We random shuffle the results, so the top 32 might change
- Our Dribbble search is based on fully matched on tags. The results might different to real Dribbble one, this is because real Dribbble search is based on tags + title.

Note

- Database Crawl Query
 - iphone+ecommerce+checkout
 - mobile+travel+list
 - website+blue+landing
 - ios+finance+chart
 - web+signup+form
- We filter the non ui images
- Totally database 16546 images
